## Table of Contents

<b>EXECUTIVE SUMMARY</b> .....	<b>5</b>
<b>INTRODUCTION</b> .....	<b>7</b>
<b>OVERVIEW OF LOGICAL ACCESS</b> .....	<b>9</b>
CURRENT METHODS FOR ACCESSING COMPUTER NETWORKS .....	9
DRIVERS FOR STRONGER LOGICAL ACCESS METHODS .....	10
<i>Administrative Costs</i> .....	10
<i>Security Risks</i> .....	10
<i>Risks of Legal and Regulatory Noncompliance</i> .....	10
<i>Privacy and Identity Theft</i> .....	11
<i>Technology Evolution and Migration</i> .....	11
THE ROLE OF SMART CARDS .....	12
<b>OVERVIEW OF AUTHENTICATION TECHNOLOGIES</b> .....	<b>13</b>
PASSWORDS .....	13
<i>Cleartext Passwords</i> .....	14
<i>Password Conversions</i> .....	14
<i>One-time Passwords</i> .....	16
BIOMETRIC FACTORS.....	17
PUBLIC KEY CRYPTOGRAPHY.....	18
SOFT TOKENS.....	18
SMART CARD TECHNOLOGY.....	19
SUMMARY .....	20
<b>KEY CONSIDERATIONS FOR IMPLEMENTING STRONGER LOGICAL ACCESS</b>	
<b>AUTHENTICATION</b> .....	<b>21</b>
BUSINESS ENVIRONMENT .....	21
BUSINESS TRANSFORMATION AND PROCESS RE-ENGINEERING .....	22
COST REDUCTION AND RETURN ON INVESTMENT .....	22
SECURITY AND PRIVACY .....	23
MANAGEMENT, USABILITY AND TRAINING.....	24
<b>BENEFITS OF SMART CARD TECHNOLOGY FOR LOGICAL ACCESS</b> .....	<b>25</b>
STRONG AUTHENTICATION.....	25
BUILT-IN SECURITY .....	26
ENHANCED SECURITY AND CONVENIENCE FOR USERS .....	26
ENHANCED PROTECTION AGAINST IDENTITY FRAUD .....	27
STANDARDS-BASED APPLICATION COVERAGE .....	28
EASE OF INTEGRATION .....	29
EASE OF DEPLOYMENT .....	30
MULTI-PURPOSE FUNCTIONALITY.....	30
SMART CARDS AS SMART ID BADGES: AN EXAMPLE SCENARIO.....	32
ADVANTAGES OVER OTHER LOGICAL ACCESS ALTERNATIVES .....	33
<b>SMART CARDS AND THE IT INFRASTRUCTURE</b> .....	<b>35</b>
MICROSOFT WINDOWS .....	35
<i>Smart Card and Reader Communications</i> .....	35
<i>User Authentication</i> .....	37
<i>Web and E-mail Services</i> .....	37
<i>File System Encryption</i> .....	37
<i>Support Offered by Different Windows Versions</i> .....	38
LINUX .....	38
<i>Smart Card and Reader Communications</i> .....	38

---

<i>User Authentication</i> .....	39
<i>Web and E-mail Services</i> .....	40
<i>File Encryption</i> .....	40
<i>Support Offered by Different Varieties of Unix</i> .....	40
<b>USING SMART CARDS FOR MULTIPLE APPLICATIONS</b> .....	<b>41</b>
MULTI-APPLICATION USAGE .....	41
<i>Physical Access Control</i> .....	41
<i>Payment</i> .....	42
<i>Secure Data Storage and Management</i> .....	43
<i>Wireless Network Access</i> .....	43
APPLICATION INSTALLATION .....	43
MULTIPLE APPLICATION EXAMPLES .....	44
<b>THE BUSINESS CASE FOR SMART CARDS AND LOGICAL ACCESS</b> .....	<b>45</b>
INTANGIBLE BENEFITS .....	45
<i>Regulatory Compliance</i> .....	45
<i>Strategic Positioning</i> .....	45
TANGIBLE BENEFITS .....	46
<i>Simplified User Management</i> .....	46
<i>Elimination of OTP Tokens</i> .....	46
<i>Reduction of Overall Infrastructure</i> .....	46
<i>Increased Productivity</i> .....	47
INVESTMENT .....	47
<b>CONCLUSIONS</b> .....	<b>49</b>
<b>REFERENCE AND RESOURCES</b> .....	<b>50</b>
<b>PUBLICATION ACKNOWLEDGEMENTS</b> .....	<b>52</b>
<b>APPENDIX A: SMART CARD USER PROFILES</b> .....	<b>54</b>
BOEING' .....	54
MICROSOFT .....	55
RABOBANK .....	56
SHELL GROUP .....	57
SUN MICROSYSTEMS JAVABADGE .....	58
U.S. DEPARTMENT OF DEFENSE .....	60
U.S. DEPARTMENT OF STATE .....	61
<b>APPENDIX B: INDUSTRY INITIATIVE PROFILES</b> .....	<b>63</b>
ELECTRONIC AUTHENTICATION PARTNERSHIP .....	63
LIBERTY ALLIANCE PROJECT .....	63
INITIATIVE FOR OPEN AUTHENTICATION .....	64
OPEN SECURITY EXCHANGE .....	64
OPENCARD CONSORTIUM .....	65
<b>APPENDIX C: DEFINITION OF TERMS AND ACRONYMS</b> .....	<b>66</b>
